LONDON INTERNATIONAL SEMESTER COURSE PLANNING

A SUPPLEMENT TO THE PERUNA PASSPORT FOR LIS STUDENTS

Congratulations on your admission to the London International Semester (LIS) at Richmond University for fall 2018. All LIS students are required to enroll as full-time students (minimum of 12 hours). In order to be on track to graduate in four years, you should plan to take five courses at Richmond (15 hours). If, during the semester, you consider dropping a class, it is very important to contact Dr. Susan Harris (sharris@smu.edu) in SMU's University Advising Center **BEFORE** you make this change. For those students that need to complete SMU's DISC 1312 requirement, we recommend enrolling in Richmond's **GEP 3180: Research & Writing I**. That leaves four additional courses to be chosen.

FALL LIS COURSE SCHEDULE PLANNING

Required by Richmond:

1. GEP 3180 – Research & Writing I
2. Exam for Math Placement

Courses Recommended by Richmond:

1. HST 3706 – London: A History
2. Based on the results of your Math Placement exam, SMU and Richmond recommend registering for the appropriate math course indicated for your major.

REMAINING COURSE CHOICES FOR FALL 2018

In addition to the requirements discussed above, you will select 2 – 3 courses for a total of 5 courses. The remaining courses you choose will transfer to SMU as either requirements for your major, requirements for the University Curriculum, or as elective hours toward the 122 credit hours you need to graduate with a SMU degree. **In general, courses listed with equivalent SMU Course numbers ending in double letters (such as ARH 275 = SMU ARHS 20XX) transfer to SMU.**

Consult the SMU website (smu.edu) and course catalog (catalog.smu.edu) for a description of all majors offered at SMU.

WHAT OTHER COURSES MAY I TAKE AT RICHMOND?

The following courses have been evaluated for transfer from Richmond to SMU. **The courses in this table may fulfill requirements for the major, and/or the UC, or may transfer as electives for graduation.** For those courses that fulfill UC requirements, the specific requirement has been identified in the table. This is not a comprehensive list of all courses offered at Richmond University. College-level courses not on this list are accepted in transfer as elective credit and in some cases can be petitioned for UC credit.
